SUPERARTE SCHOLARSHIPS

SCHOLARSHIP CALL OBJECTIVE

Fundación Grupo SIFU promotes the artistic development of people with disabilities as a way to inclusion and improvement of their quality of life. Its main objective is to promote artistic actions where talent, effort and commitment to artistic disciplines are a clear reflection of the values of its entity through the development of an inclusive pedagogical art project.

With the collaboration of different agents, it promotes the artistic and professional training of people with disabilities, creating synergies that unite the associative, business and public administration fabric in the field of the third sector and the arts.

In pursuit of this objective, we are launching the 5th edition of Superarte Scholarships to foster artistic creativity within a framework of equal opportunities.

In this new edition, in addition to **scholarships for higher studies** and **scholarships for education**, we are introducing new **scholarships in technological innovation applied to music and dance**. As a novelty, entities that have an existing musical or dance group may also apply.

Through these scholarships, we aim to identify technological projects aimed at enabling artists with functional diversity to interpret music or dance; and to promote them so they reach as many beneficiaries as possible. Furthermore, we aim to raise awareness in schools, organisations, and institutions that wish to implement these projects within their academic curriculum.

SCHOLARSHIPS TRACK RECORD

Fundación Grupo SIFU created SUPERARTE Scholarships in 2019 with the aim of promoting the artistic development of people with disabilities in the field of dance.

In 2020, it was decided to place the focus of scholarships not only on dance, but on music as well, to broaden the number of beneficiaries in the artistic world and to reach more artists.

In 2023, a direct commitment was made towards new technologies by creating a new category that was added to provide content and resources to all the Superarte Scholarships of Fundación SIFU, with the firm intention of enriching the artistic world by promoting the integration of people with functional diversity and promoting awareness in society through personal success stories.

This year, 2024, we also seek to promote the artistic development of the participants to achieve a solid professional project that allows them to continue training and growing in the chosen discipline. SUPERARTE Scholarships are complemented by this technological innovation category, which represents a challenge towards new artistic opportunities in the field of music and dance.

SUPERARTE SCHOLARSHIPS

SCHOLARSHIP TYPES

Fundación Grupo SIFU aims to establish a scenario where we can promote different categories of scholarships which provide a realistic response for the multiple needs or desires of artists, whilst adapting to their specific circumstances.

For this reason, we would like to back a scholarship program that shows continuity linked to the needs of each scholarship holder, with the possibility of extending or adapting it in each specific case.

There are three types of scholarships:

- **Scholarships for higher, university or elementary studies in MUSIC or DANCE:** Scholarship aimed at artists who wish to continue their professional training through Higher or Professional conservatories, as well as music or dance schools.

The scholarship is financial aid so that the beneficiary can pursue the chosen studies, tutored by the artistic director of the Foundation and with the support and collaboration of a monitoring and evaluating team on the professional and personal growth of the artist. This monitoring will be carried out in parallel with the chosen training.

In the case of higher education or master's degrees, the candidate will have to indicate the studies they want to take in the next academic year at the time of registration. Once they have registered at the higher music or dance institution, they will have to send the document that justifies it or an admission letter for the registration to be considered completed.

Within this category, we will award the following as a minimum:

- **One scholarship of up to €10,000 to study at the Liceu Conservatory** for a Master's degree or an academic year of higher (Grado Superior) studies at the Liceu Conservatory.
- **One SUMMERCAMP scholarship of up to €3,000 awarded in collaboration with the Reina Sofia School of Music** for one week in the Summercamp programme based in Madrid.
- **One scholarship of up to €10,000 awarded in collaboration with the Fundación Occident.**
- **Two scholarships of up to €12,000 each awarded in collaboration with the Fundación Banco Sabadell** to study music or dance.

SUPERARTE SCHOLARSHIPS

- One San Simon Fiddle scholarship in collaboration with Fiddle Galicia Asociación Cultural to study one week in the summer camp.

- Scholarships for entities, artistic institutions and music or dance formations: aimed at groups that allow the development of music and dance for people with disabilities.
- Scholarships aimed at technological innovation applied to music and dance: aimed at technological projects that provide for music and dance development in people with disabilities.

Within this category, we will award the following as a minimum:

- One scholarship in collaboration with GasN2.

The recipients of higher education and artistic education scholarships must put the awarded scholarship towards courses, training, or Master's degrees that will allow them to continue their education in music or dance for one academic year, without prejudice to subsequent collaborations that may arise from the synergies created between the artist and the Fundación.

Joining Fundación SIFU's artistic scholarship programme presents an opportunity for beneficiaries to collaborate with the organisation in awareness-raising events, as well as actions promoted by the Fundación, such as masterclasses or artistic training created as a result of the needs identified in beneficiaries.

These activities will be carried out thanks to the collaboration with institutions and/or music and dance schools that are also involved in the programme.

The beneficiaries who have a scholarship in collaboration with an entity or company linked to the Fundación SIFU's artistic project must carry out at least one presentation coordinated by the Fundación SIFU in the company/entity collaborating with their scholarship.

Jury Members: The panel will be composed of the Foundation's Artistic Director, representatives of the Foundation, and experts from each of the artistic disciplines covered in these rules. The Jury's decision will be final.

Fundación SIFU is committed to making the scholarship winners public by disseminating them on their social networks.

PARTICIPATION REQUIREMENTS

SUPERARTE SCHOLARSHIPS

SUPERARTE SCHOLARSHIPS are aimed at the artistic training of people with disabilities who wish to continue their music or dance studies.

To participate, applicants must register by completing a registration form and meet the following requirements:

For **scholarships for higher studies and professional education in music or dance**:

- Be a natural person.
- Have a recognized disability equal to or greater than 33%.
- Legal capacity to be part of the call, or authorization of the guardian or legal representative.

For the **Scholarship entities, artistic institutions and music or dance formations**:

- Aimed at entities that have a musical or dance project where people with disabilities participate, as well as their own music or dance groups.
- Have a recognized disability equal to or greater than 33% of at least one of the members of the group.
- Legal capacity to be part of the call.

For **scholarships for technological innovation**:

- Natural or legal person with legal capacity to be part of the call.
- It is not necessary to have a recognized disability.

Applications that do not meet the participation requirements will not be accepted.

COMMITMENT WITH THE FUNDACIÓN GRUPO SIFU

Winners will participate in different projects of the Fundación through a collaboration agreement.

Beneficiaries of any scholarship awarded by the Fundación will be committed to inform the organisation of all activities, concerts, events, and actions in which they participate, and to mention the brand and name of the organisation as Fundación SIFU scholarship recipient.

Joining the artistic scholarship programme means the possibility of acting as an ambassador for the entity, integrating its values, and prioritising the development of artistic, personal, and social abilities of all beneficiaries.

PARTICIPATION CONDITIONS

Participation in this scholarship call implies acceptance of the Rules.

Participants agree that their disability may be named and published as a means of raising awareness in society about the abilities of people with functional diversity.

Artists agree to the graphic reproduction of their work through any medium and for any type of dissemination related to Fundación Grupo SIFU.

SUPERARTE SCHOLARSHIPS

Scholarship recipients will be responsible for specifying and providing, in as much detail as possible, all information related to the course or training in which the scholarship provided by the Fundación will be invested (Name of the institution where the training will take place, method of payment, and any other information that the Fundación may need for the proper payment and management of the scholarship).

Within the artistic project of Fundación Grupo SIFU, the following will be understood as costs associated with the Scholarship: costs of travel and stays associated with meetings with other musical groups, teachers, masterclasses, concerts, etc., which the Artistic Director of the Fundación considers essential for the optimal musical education of the artist holding the scholarship.

Scholarship holders undertake, throughout the academic year of the scholarship, to participate in the activities proposed by the Fundación aimed at raising awareness about disability or artistic performances in collaboration with other organisations. Such participation will be previously agreed-upon with the scholarship holder, always taking into account his or her availability.

Scholarship recipients undertake to be available to Fundación SIFU to attend press events, if necessary, as well as to appear in the Somos Capaces magazine or any other media or social network of the organisation.

Artists holding a scholarship undertake, upon request from the organisation, to present a justifying memoir with a description of the training carried out thanks to the collaboration with the Fundación, as well as a detailed breakdown of the expenses incurred with regard to materials or instruments purchases.

Failure to comply with the aforementioned obligations will automatically lead to termination of the scholarship.

Participants are responsible for providing legitimate material (images, videos and projects) that does not substitute the identity of any other person.

INFORMED CONSENT CLAUSE

In accordance with the provisions of current regulations on personal data protection, Regulation (EU) 2016/679 of 27 April 2016 (GDPR) and Organic Law 3/2018 of 5 December on the Protection of Personal Data, personal data provided in connection with participation in this scholarship call will be processed under the responsibility of Fundación SIFU and will be kept for a period of ten years, which is the standard term for obligations.

If you are awarded a scholarship, you grant consent that Fundación SIFU may disclose, disseminate, publish, reproduce, and use, for all legal purposes and in any type of
